One of the most important aspects of Hunt's method is her focus on the breath. She believes that proper breathing is the foundation of good singing, and she provides a variety of exercises to help singers develop their breath support and control. She also emphasizes the importance of relaxation, both physically and mentally, as a key to unlocking the voice's full potential.

Hunt's method is not just about teaching people how to sing technically proficiently; it is also about helping them to find their own unique voice. She

encourages singers to explore different styles of music and to find the songs that resonate with them the most. She believes that when singers are able to connect with the music they are singing, their voices will naturally come alive.

Anyone Can Sing is a must-read for anyone who wants to improve their singing voice. Hunt's clear and concise instructions, combined with her passion for teaching, make this book an invaluable resource for singers of all levels.
