The memoir begins with a haunting letter that Dawson wrote to her mother as a teenager, expressing the depth of her hatred and resentment. This letter sets the tone for the book, which is a unflinching exploration of the emotional scars left by an unhealthy upbringing.

Dawson's mother, Maureen, is a complex and deeply flawed character. She is both loving and manipulative, charming one moment and cruel the next. Maureen's behavior has a profound impact on her daughter's sense of self-worth and her ability to form healthy relationships.

As Dawson grows older, she begins to realize the extent of her mother's manipulation. She sees how Maureen has pitted her children against each other, and how she has used them to gain attention and sympathy.

Dawson's resentment towards her mother grows, but she also feels a deep sense of pity for the woman she has become.

"Dear Mom, I Hate You" is not just a story about a dysfunctional relationship; it is also a story about survival and resilience. Dawson's strength and determination in the face of adversity are inspiring, and her memoir offers hope to others who have experienced difficult childhoods.

The book has been praised by critics for its honesty and emotional depth. It has been described as "a harrowing and heartbreaking account of a troubled mother-daughter relationship" (The New York Times) and "a powerful and moving memoir" (The Guardian).

If you are interested in reading a powerful and thought-provoking memoir, I highly recommend "Dear Mom, I Hate You." Dawson's writing is clear and concise, and her story is both heartbreaking and inspiring. This is a book that will stay with you long after you finish it.
