

Piano Sonatinas Two Developing Artist Original Keyboard Classics

Piano Sonatinas Two Developing Artist Original Keyboard Classics is a collection of 24 sonatinas by various composers, each of which is graded in difficulty. The sonatinas are all well-written and musically interesting, and they provide a great way to improve your technique and musicality.

The sonatinas in this collection are all in the traditional three-movement form: a fast first movement, a slow second movement, and a fast third movement. The first movement is typically in sonata form, with a contrasting second theme and a development section. The second movement is often in a contrasting key and tempo, and the third movement is usually a rondo or a theme and variations.

The sonatinas in this collection are all written for developing pianists, and they range in difficulty from easy to moderately difficult. The easy sonatinas are perfect for beginners, while the more difficult sonatinas are more appropriate for intermediate and advanced pianists.
